

Protecting His Assets

Shes the one woman who can get his ball back in play... Deuces Wild, Book 1 For a while, MLB pitcher Chase Deuce Dixon used his bad-boy reputation as a smoke screen to cover up his elbow injury. But plummeting pitching stats dont lie, so now hes a free agent, spending the off-season in surgeons offices, and considering a post-baseball career in security. His first night moonlighting as a nightclub bouncer, hes surprised that the singer on stage is his little sisters pure, sweet, spitfire of a best friend. And some drunk guy is getting way too personal. Summer Maitland doesnt need Chase strong-arming one of the few fans shes managed to accumulate during the career she keeps secret from her family. And despite her bodys shimmering reaction to his touch, she certainly doesnt need a self-appointed bodyguard following her around. Chase has other ideas. If anyones going to lay a hand on Summer, its going to be him. Now if only he could keep his tongue out of her mouth long enough to keep her safe. And his hands to himself before he scares her off. Warning: Contains an ace hurler moonlighting as a bouncer moonlighting as a bodyguard, and an angel-voiced chanteuse whos up for anything he can throw at her-in and out of the bedroom. This one could make you rethink the definition of fastball.
