

A Persistent Attraction (Regency Intrigue)

Their wicked desire sparks a game of passion that could claim their hearts. If a killer doesn't first claim their lives. At first, Amanda Halverston assumes the anonymous extortion letter she's received is a harmless prank. But the following night she is attacked and nearly killed. Desperate for help in finding her attacker, she turns to the notorious rake she has avoided for the last five months, Rhys Stanton. When the alluring Amanda seeks him out, he offers a bargain. He will help her in exchange for one chance to seduce her each day. Despite a wicked desire to explore the heat that crackles between them, Amanda refuses and launches her own search. But the attacker strikes again, and when Rhys is there to save her she decides to accept his shocking proposition. In the midst of an investigation that could claim their lives, the two begin a dangerous game of passion that could claim their hearts.
