

Lion Eyes: Shifters Unbound

Bree has just decided to give up trying to be a Shifter groupie when a lion Shifter slams into her truck and tells her to drive. Seamus is on the run from hunters, other Shifters, and who knows who else. All Bree knows is that hes compelling, needs her help, and most intriguing of all, wears no Collar ... Seamus McGuire fears hes gone crazy--feral--and become a killer. His only hope of getting away from the hunters and police on his tail is Bree, a human woman who not only knows a lot about Shifters but has great compassion for them. Things are more complicated than they seem, though. Seamus is on a mission--to protect those in his care after the destruction of Kendricks compound of un-Collared Shifters. Seamus must keep it together and make sure his charges stay hidden, but at the same time, hes pulled to Bree as hes never been pulled to a woman before. He needs to prove hes innocent and not crazy before its too late for himself, Bree, and those hes vowed to protect. Shifters Unbound 7.25. Events occur after Bear Attraction.
