

One Night More (A US Marshals Novel)

Savvy, hard-riding, rule-breaking--they'll go anywhere and do anything it takes to protect and serve. But this U. S. Marshal has just met his match--and playing for keeps is one sizzling game. . . Getting saved from disaster by a handsome stranger--Harper Allen has no problem with that. But when he leaves without a word or a clue to his real identity, the newbie reporter writes it off as the best one-night-stand she'll ever have. Until a year later, when Harper comes face to face with the man assigned to hide her from a senator's killer. . . Galen Kelly hasn't forgotten a single sensual minute of his night with Harper ... or that she betrayed him. With the FBI also on their trail, he's got to pretend he's never met her or risk both their lives. But as danger closes in, Galen may not be able to protect himself from taking the biggest risk of all. . . I couldn't turn the pages fast enough. --Tracey Garvis Graves
