

The Romance Novel Cure

Can the cure for a floundering marriage be right between the covers of a romance novel? Ben stumbles upon Greta's stash of romance novels and is surprised at the level of heat these books generate. The Dark Shifters series, starring the alpha hero Silas, seems to be her favorite, so Ben decides to use Silas as a coach. What Would Silas Do? becomes his mantra. By reading the books that Greta reads on the sly, Ben vows to become more like Silas in order to win her heart again. The romance novel cure intensifies when Ben asks Greta to read to him, and in turn reads to her. But is there a mystery at the heart of the Dark Shifters series that will ultimately drive them further apart, or bring them closer than ever before? :: bonus novella included: The Cure for the Common Crush ::
