

## Remembering Raven: Sabine (A Paranormal Romance Series Book 2)

Raven LeClaire is still reeling from the murder of a young woman that turned out to be a reading client when there is another disappearance. On top of her connection to the victims, she is grappling with some newly discovered psychic abilities that have appeared, seemingly, from nowhere. Then there is the very handsome and sexy Viktor Thorssen. She knows that he wants her as much as she wants him but he keeps turning away from her at the last minute. As frustrating as it is for her, she has no idea of the turmoil that he is suffering at having to keep her at arms length. There are secrets that Raven needs to know before Viktor will feel comfortable entering a physical relationship with her. He feels that there is too much going on in her life at the moment and he does not want to overwhelm her by confessing his secrets to her. And he has many of them. Things are quickly escalating as another beautiful young woman becomes a victim of horrible torture and murder. When she appears to Raven, she and Viktor are, once again, drawn into a deadly game where someone quite dangerous is controlling the players. While the police have no real leads, Viktor thinks he may have an idea of who is behind it all. He has an enemy that dates back centuries. This is an enemy that he thought he was rid of forever. Now, as it turns out, that may not be quite true. All he knows is that he must stop this monster before both he and Raven become victims again. Is Raven ready to hear the whole truth? Viktor knows that the only way he has a chance of winning is to tell her everything. But can he risk it? Interview with the Author: Q So, what makes the Remembering Raven series special? A Its a mixture of things, actually. When I started writing these books, I wanted to create a series of books that I would love to read. I love paranormal romances and vampire love stories, but I also love books with some action and a strong female

character. I tried to roll of these interests into one series. The Remembering Raven books are a mix of romance, sex, longing, occult, and mystery. I also tried to create some really memorable supporting characters too, that I hope readers will enjoy. Q What order should I read the books in? A If you want to read the series in order, Id suggest the following sequence: - Cheyenne (Book 1) - Always Mine (Prequel although this can be read at anytime) - Sabine (Book 2) - Allegra (Book 3) - Nanette (Book 4) - Juliana (Book 5) Thanks for reading!
