

Billionaire PRICK

My new boss is Alex Scott, the notorious billionaire business mogul. He also happens to be a huge f*cking prick. Never before had I met a man as aggressively arrogant, and intensively insufferable as Mr. Scott. He's a true misogynist, and has no qualms about letting every woman in the office know their place. Which is incredibly ironic seeing as I work at a battered women's center, and this is his pet project. So why don't I just quit? Well, he just so happens to be the most gorgeous man I've ever laid eyes on. And if I'm honest, a part of me secretly likes his unapologetically domineering manner. Oh and there's one more thing I happen to work as a dominatrix on the side, to help pay the bills so that I can afford to pursue my true passion as a counselor. So, imagine my surprise when I set up a meeting with a new client, and in walks Mr. Alex Scott. My bastard of a boss, the woman hater himself, here to submit himself to me. The tables are about to turn. This stand-alone full-length Contemporary New Adult Romance Novel contains mature content, harsh language, and violence.
