

## Widows Tale

Serena Murphy was losing her mind. Every night Serena stood on the deck of O'Flanagans Tavern, searching Maines rugged coast for a sign of her husbands body. Though he was pronounced lost at sea, Alan Murphy still haunted her as only his malevolent spirit could. In the loft above her tavern, Serena hears footsteps pace across her living room floor, yet when she turns, no one is there. Alan would not let a little thing like death stop him from tormenting her. If she could just find his body, surely this torture would stop. It had been ten years since Brett Murphy saw his sister in-law, although the separation was by design, to avoid temptation. Now Brett was in Victory Cove, not to declare his feelings for Serena, but to discover the truth about his brothers death. In doing so, he must battle Serenas ghosts, both real and contrived.
