

## Burned (Ignite Trilogy, #1)

BURNED is, without a doubt, Tara's best work to date. It's got a little of the sassy humor that is so uniquely hers, but it's also the hottest, sexiest, and most emotionally impactful story she's written. Jasinda Wilder, USA Today & NY Times Best Selling Author A perfect combination of scorching and sweet, this book left me breathless. - Tessa Bailey, New York Times Bestselling Author Five fire-filled stars are not enough for BURNED! - Aleatha Romig, New York Times Bestselling Author I can say, without a doubt, that Finnley and Collin are the BEST characters I have ever read. Tara is a master of her talent, and what she excels in is writing characters that everyone can relate to; characters that have heart and soul and are just like you and me. - Books to Breathe Tara Sivec can write anything. Oh and do it well, I might add! This was a fire cracker of a story with heat, passion and drama. - Totally Booked Blog Seventeen years old when he broke my heart. Seventeen days later when another picked up the pieces. Seventeen years together. Seventeen thousand problems. Seventeen days of reliving my past and finding a new future. Seventeen minutes until it all went up in flames. Seventeen breaths until I took my last. This is my story and it's going to burn.
