

Rhys: The Sinner Saints #2

No one understands secrets like Rhys Vaughn. Known for his cold efficiency, hes notorious for having been the best Special Forces interrogator in the field. There's no one he can't break until Rhys comes face to face with injured scientist, Tessa Rosenthal, the only person who has ever managed to see past his frigid shell. Despite his icy exterior, Tessa Rosenthal desperately wants to trust the striking man who rescues her from a hellish nightmare...but she doesn't dare. After being unwittingly recruited to create a deadly weapon, it's up to Tessa to destroy it before it can be unleashed on the public. She can't risk making any more mistakes, and needs to listen to her head no matter what her heart tells her. But secrets have a way of coming back to haunt you. And when demons from both Tessa's and Rhys's past threaten the fragile bond that they've built, the pair will have to come together to redeem their former sins if they have any hope of surviving to create a future together. *** RHYS is the thrilling, intrigue-filled second novel in the Sinner Saints contemporary romance series. ***
