

Ricochet: A Novel

#1 New York Times bestselling author Sandra Brown presents a spine-tingling story of murder and betrayal in high society Savannah, where a homicide detective finds his career -- and life -- on the line. When Savannah detective Duncan Hatcher is summoned to an unusual crime scene, he knows discretion is key. Influential Judge Cato Lairds beloved trophy wife, Elise, has fatally shot a burglar. She claims self-defense, but Duncan suspects she's lying, and puts his career in jeopardy by investigating further. Then, in secret, Elise makes an incredible allegation, which he dismisses as the lie of a cunning woman trying to exploit his intense attraction to her. But when Elise goes missing, Duncan finds that trusting the wrong person could mean the difference between life and death for both of them.
