

To Catch a Princess: Romantic Suspense with Russian Royalty (Gambling for Love) (Volume 2)

Princess Tatiana is a modern woman who has no need of an arranged marriage ... But her parents have a different idea and have betrothed her to the son of one of their lifelong friends. Tatiana wants nothing to do with the son of the Grand Duke, especially since she's focused on everything going right for her exclusive charity event at the Ivanov family's casino in glamorous Monaco. Police Detective Peter Roman has been keeping a secret that has burdened him for years. Peter has been hiding a secret identity and his love for his best friend Prince Alexander's little sister Tatiana for years. He's been hoping that she will notice him for the man he is rather than the title he does not wish to reveal. Little does Tatiana know that he is the Grand Prince that her family has arranged for her to marry. A series of high profile jewelry thefts threaten Tatiana's upcoming event ... Peter and Tatiana are thrown together to help prevent the theft of some very expensive bling from several Russian royal families. Little do they know that the thefts are a smoke screen for something far more dangerous that will put their lives in jeopardy. When Peter's secret identity is revealed, Tatiana must decide if she can trust the man who has stolen her heart to help her catch the notorious jewelry thief.
