

Timeless Trilogy, Book One, Fate (Volume 1)

Is precognition a prescription for happiness or disaster? The good things in life are coming together for Kristina Collins. She's found her ideal home, her career is on track for mega success and the man of her dreams has finally come back into her life.

In *Fate*, the first installment of the Timeless Trilogy, Kris Collins discovers the benefits and risks of having precognitive visions while being stalked by a serial killer. Her friends can't help her, the FBI can't save her; she must save herself. The Timeless Trilogy heroines, Kristina, Veronica and Cassandra, each deal with paranormal abilities as they discover and rediscover eternal love.
