

Romance: The Billionaires Cruise (The Complete Series)

From Amazon Bestselling Author, Lexi Duval, comes a delicious new billionaire erotic romance series, *The Billionaires Cruise*! Readers should be 18+ for sexy scenes and swearing! **PART ONE** Dayna Drayton has high hopes for her modeling career, but things clearly aren't going quite as well as she wanted. Some of that is, of course, down to her inept agent, Larry, who seems to spend all his time focusing on his other more prosperous clients, leaving Dayna dealing with the scraps. However, by some stroke of good fortune, Larry comes through for her for once, setting her up with an audition for a mysterious cruise. Only, she's got no time to prepare, and turns up to the casting looking completely out of place among the gorgeous models around her. The audition doesn't go well, and Dayna assumes it's just another big tease. But, by some stroke of luck, someone puts in a good word for her...one of the clients of the cruise ship who wants to make sure she's along for the ride. Because this isn't just any cruise ship. It's one with a very specific clientele, one given away by the name *The Billionaires Cruise*. And while it's not the catwalk in Paris or Milan, it looks like Dayna's modeling career might just be about to get the kick start that it needs... **PART TWO** Dayna learns that it was her old crush, Sebastian Cartwright, who made sure she came aboard the ship. He's a guy she's lusted after since she became a young woman, and one who just about every girl in high school wanted, and every guy wanted to be. And now, here he is, son of a billionaire and telling her that it was him who got her the gig. And, frankly, she has no idea quite why. As the cruise gets into full swing, however, his reasons for bringing her along become obvious, and Dayna learns some things about the beautiful billionaire that she could never have hoped to hear in her wildest dreams. But she's treading dangerous territory, because there's a strict policy on the ship

that the models are not to get intimate with the clients. And if they do, there might just be hell to pay. But with Sebastian, Dayna can hardly help herself. And soon, she finds herself tangled up in him and putting her entire presence on the ship in jeopardy... PART THREE Dayna continues to enter dangerous territory with the beautiful billionaire Sebastian Cartwright, knowing that one misstep will mean the end for her on the Billionaires Cruise. However, she can't stop how she feels about him, and regardless of the risks, ends up wrapped up with him once again. Yet soon things are going to start spiraling out of control, and soon she's going to find that there are repercussions to her actions. Repercussions that will have her losing her ten grand fee for the job and finding her stranded and alone on a Caribbean island having to find her own way home. But is it the end for her and Sebastian? Or is this just a hurdle that is going to bring them closer together. Find out in this concluding part of The Billionaires Cruise!
