

## For a Romans Heart

His scarred soul knows no vulnerability except her touch. Trapped between cruel parents and the need to hide her gift of second sight from suspicious villagers, Adrenia Tertia Brigomalla walks a line as thin as the threads she weaves. The need for independence burns fierce in her heart, but not as hot as her unexpected attraction to a Roman soldier who comes to the village in search of a deserter. Though hardened by war, Centurion Terentius Marius Atellus defies any man to harm an innocent. Nothing shakes his relentless determination to track down a murderous legionnaire with a taste for young women. Yet Adrenias spirit and vulnerability spark a protective instinct stronger than duty and temptation that could be his downfall. Fragile trust built on stolen kisses and a premonition saves his life and drives his offer of the ultimate protection marriage. While she revels in the feral passion he awakens within her, Adrenia would sooner brave the fires of Hades than trade one yoke for another. Its a decision that could leave them both dangling above a precipice they may not survive Warning: Searing passion meets gritty reality of Roman life. Trespass only if you dare...
