

This I Promise You

You only get one first of anything, and no matter the time, or space, or age, you never forget your firsts. When thirteen year old Nicky Moores parents decide to buy a small summer beach cottage at Atlantic Beach, North Carolina, she thought her life would end. It didnt matter the beauty of the arealand and water as far as the eye could seeshe was bound and determined to make her familys summer vacation as dismal as she felt. That was until she met a boy from down the beach. A beautiful boy, with the most intense brown eyes she had ever seen and a smile that could light the ocean on fire. A summer that Nicky thought was doomed from the start, turned into a summer that she would never forget; one full of firsts. It was impossible for her to know, years later, how one seemingly little decision could change everything forever.
