

The Royal We

Now in paperback, the beloved novel and New York Times Summer Reading List pick hailed as hysterical by Entertainment Weekly's Must List, and so fun and dishy by People. American Bex Porter was never one for fairy tales. Her twin sister Lacey was always the romantic, the one who daydreamed of being a princess, but it's adventure-seeking Bex who goes to Oxford and meets dreamy Nick across the hall-and Bex who finds herself accidentally in love with the heir to the British throne. Nick is wonderful, but he comes with unimaginable baggage: a complicated family, hysterical tabloids tracking his every move, and a public that expected its future king to marry a Brit. On the eve of the most talked-about wedding of the century, Bex looks back on how much she's had to give up for true love... and exactly whose heart she may yet have to break.
