

Opalite D.A.R.E (D.A.R.E. Project Book 4)

Opalite has struggled to keep herself contained while she travels and retrieves lost humans. Meeting up with a shackled dragon male has upset her attempts to keep her lift under her control. When her association with him gets the attention of her handlers, the humans charge her with manhandling one of their own. Defending herself would be hard enough with one witness on her side, but alone against the humans, what chance does a dragon swan have?
