

Heal Me: The Me Series - Book 4

Dr. Jenna Fields makes the unsettling discovery that she has garnered the attention of a serial rapist. This is not the way she intended to see more of taciturn Detective Owen O'Maley. Now he's intent on protecting her, rather than kissing her. Sometimes life really stinks. They have to discover the identity of this serial rapist, especially after one of his victims dies. If Jenna and Owen don't stop this madman, more women could die. Do they even have time to fall in love?
