

Sand Dollar Cove (Volume 1)

Escape to the shores of Sand Dollar Cove, a quaint beach town on the North Carolina coast. When Elli Eversol returns to Sand Dollar Cove to rebuild her grandparents shops on the old fishing pier following last falls hurricane, shes faced with bigger problems. For one, the pier has taken a much more serious hit by a recent Noreaster. Secondly, the boy who broke her heart, Holden Moore, is back in town too and tempting her, only her heart is telling her hes still not one to be trusted. So she keeps her focus on her family and the Buy-A-Board campaign project so she can put those funds to good use and spare her heart. When Brody Rankin answered the online request to help router names into boards purchased in a campaign to save the shops on the pier in Sand Dollar Cove, hed really just been trying to do a good deed and get a closer look at the sleepy little town where his mega-company is planning to build an east coast warehouse. Will this well-known playboy be able to resist a woman who loves the ocean as much as he does, or will he leave Sand Dollar Cove behind?
