

Saving the CEO (49th Floor Novels Book 1)

Real estate mogul Jack Winter has rules. Lots of rules. After all, a man doesn't build an empire without a little discipline. And on page one of the rulebook? Don't sleep with your employees. Especially when there's a multimillion-dollar real estate deal at stake... Luckily for Jack, Cassie James isn't really his employee. She's a hot bartender who just happens to be the math genius he needs, and if they share a wicked chemistry? Well, that's just a sexy little perk. So they strike a deal: Cassie helps Jack with the merger. And until the deal goes through at Christmas, they can indulge every impulse they desire. But the more rules Jack makes, the more he seems to break... ***Each book in the
