**WARNING:** A Steamy Highlander Romance that leaves little to the imagination - for mature audiences only! Life hadn't been easy for Elspeth, living in Scotland in the middle of a bloody war. But when a battle just near the small village she's lived in all her life leaves her an open target for the English, things get worse. In one day, she's set to lose her home, her connection to her dead parents, and possibly her life. But fate has another plan, and what she finds in the woods that day has the chance to turn everything around. Will the mysterious creature who saved her life be the salvation of her village? Or is the Englishman who claims to be able to control it a spy in disguise? Stuck between a distrustful village, her own doubts, and what her heart is telling her, Elspeth must find out what the future holds for her, with her own life and home on the line.
