

## Second Sight

This classic, much-loved novel tells the story of Jennie Logan, a woman caught between two worlds, two times, and the two men she loves—one her husband and one an artist who may have died in 1899. David Williams's novel is a thrilling read, part love story, part mystery—a tale of time travel (or is it madness?) that keeps the reader guessing until the very end. Now back in print, this exquisitely written book is not to be missed.
