

Secrets to Selling Your Imported, Private Label, and Custom Manufactured Products Online

Are you importing products from China, private labeling or creating a custom manufactured product? Are you struggling to achieve any real sales traction? Do you want to generate \$1million or more in sales each year? In this book I will detail the secrets to selling your imported products, private labeled products, or custom manufactured products online. Ill tell you the secrets to outranking your competitors even if theyre selling the same product.Ill explain the hidden formula for pricing your products for maximum profitability. And Ill share with you little known tips and tricks for fulfilling and shipping your products that not only save you money but result in your customers leaving rave reviews about your shipping speed and efficiency. In my first book, Importing from China is Easy: How to Sell \$1million a year I explained how to import profitable products from China and get them to your doorstep. However, I didnt go into any detail on how to actually sell those products once you received them. In this book, Ill walk you through the steps my company takes for each and every new product well sell and how you can achieve similar 7 figure income for your company.
