

Seductive Secrecy (The Shadows Series Book 2)

We were two broken souls who had found each other in a world of shadows. We were held together by a connection of secrets, dark and fearful and reluctant to leave. Their depth was seductive and overwhelming, an endless ocean of black that threatened to cover the brilliance we kept reaching for with each other. With her art career flourishing and the mansion predators no longer a threat, Charlie is creating a new life. Her desires have changed, and she has a chance at a healthy, loving relationship with Cameron if they can bury the memories and doubts that plague them. Can they overcome the destruction of their clouded pasts, or will the revelation of more painful, shocking secrets pull them back into the shadows?
