

## Guarding His Heart (Southern Pride) (Volume 2)

Welcome to Pride, Texas, the home of cowboys, roughnecks, southern charmand shifters. After being charged with Lynn Edwards protection, along with that of the future Prima, Jag found himself in a difficult situation. His inner jaguar recognizes Lynn as their mate, but he isnt entirely sure how to approach her. A rogue shifter provides him yet another chance to protect her, but a few overheard words leaves her hurt and unwilling to so much as look at him. How can he possibly mend things if she wont even allow him near her?

Lynn is still adjusting to a life amongst shifters and considers herself to be handling things well, especially since shes fallen for one. Now, shes landed on the radar of another set of rogues, hell-bent on cleansing the shifter nation of any who would sully their lines by mating with humans. The question is can she forgive Jag and allow him to guard her as he longs to do? Or will the rogues finally succeed in destroying them both?
