

## Hearts in Exile (Tallenmere Book 3)

In Tallenmere, fate has a way of catching up with you...Somewhere, hidden in the waters of the Southern Sea, lies an island unlike any other. Within the amber glow of its pyrogem-laden cliffs, legend says the very heart of the dragon god Drae keeps the island, and its occupants, alive. Lorelee Munroviel, daughter of Leogards High Priestess Arianne, had no idea what she would face when she arrived by boat ten years ago and was left alone in exile. All she knew about Draekorians inhabitants was written in one tattered notebook. Now, her life revolves around keeping Draes descendants happy. Never in her life did she imagine being a Dragon Keeper. Captain Igrorio Everlyn, known as Sir Robert to his unit of Holy Paladins, has faced his share of hell, battling the evils of Emperor Sarvonns tyranny and the dark god Tyrs abominations. But none of that compares to the ten years of hell he's been without Lorelee, presumed dead. One freak storm changes everything. Now the two of them must fight to reestablish the delicate balance of the island before the dragons take things into their own hands. Through it all, they discover the secrets that kept them, and their hearts, exiled for a decade.
