

Shutter: Volume Two: Novella Series

Nikolas Gallo has been my obsession - my only connection to life - for the past five years. I've watched his every step, seen the good along with the bad, and documented it through the lens of my camera. I thought I was the only one that knew what I was doing, I was wrong. The truth has a way of turning the tables. The hunter becomes the hunted. And the spotlight is shining brightly on me. There's no denying my guilt and I don't plan to. All I want to do is pay my penance and move on with my life. But Niko Well, he has other plans for me.

Recommended for 18 and above.

***Shutter: Volume Two is the second in a novella serial. This volume is ~22,000 words. Previously listed under the pen name Eli Chastain. Even though the name has changed the content is still the same.
