

Silver Moon (Moon Trilogy Part III)

Jack Drake must discover what the secretive third part of the moon relic is and destroy it before it can be used to decimate the world. The equally mysterious Asta is hot on Jack's tail, eager to gain his trust and find the Silver Moon's Mystery. Together the pair must endure a trial of fire, dragons, and werewolves to stop the enigmatic Elijah Whitelaw from carrying out the blackest of Unseelie Fae magicks. This is a novella of about 19,000 words and is the third part of a trilogy. Not for minors.
