

## Simply The Best (Zebra Contemporary Romance)

This Could Be The End Of A Beautiful Friendship. . . Nothing takes the sheen off a marriage proposal quite like discovering that your prospective fiancé already has a wife. And for newspaper writer Alexandra Kenner, this is just the latest in a series of unfortunate relationships that are good for only one thing--badmouthing over beers with her best buddy, Mack Douglas. For a guy--especially a distractingly sexy, determinedly single guy--Mack has his decent side, offering to let Alex stay with him while he helps her remodel her house, even setting her up with a potential Mr. Right. What more could Alex ask for--except perhaps an encore of that out-of-the-blue, completely earth-shattering kiss Mack just laid on her?

Mack can't pinpoint the moment Alex stopped being the girl next door and became the marquee name in his wildest fantasies. She's always been gorgeous, but lately the commitment-phobic contractor wants her in ways and places that would change their friendship forever. That's something Alex will never risk, unless Mack can find a way to convince her that together they can build something that's bigger, better, and definitely made to last. .

New York Times and USA Today bestselling author Shirley Jump spends her days eating, shopping and writing romantic comedies for Kensington Books as well as for both Harlequin NeXt and Harlequin Romance to feed her shoe addiction and avoid housework. A wife and mother of two, her sole mission in life is to humiliate her children in public.
