

## Ante Up: A Sin City Collectors Book

Welcome to Vegas. Home of the Sin City Collectors. The job description is easy: Bring the offending supernatural in to the Boss and don't ask any questions. Diesel Jones is a shifter with moon issues. Not the best combination to have. His dream of becoming a Sin City Collector had always lingered in the shadows because of his inability to control himself under a full moon. When Louie Fiore decides to test his merit, and gives him a job for the agency, Diesel jumps at the chance. But when he finds out he has to come up against an incubus, painful issues from the past resurface, and instead of bringing the sex demon in, he only has one thing on his mindkill. Sofia Cabrera is the new witch in town, and she's more than anyone bargained for. She finds herself drawn to Diesel, the sexy shifter, the first moment she lays eyes on him. When she becomes the target of an organization of incubi, who take what they want without asking, Diesel comes to her aid unexpectedly. They end up fighting the threat together, and in the process, Sofia discovers she and she alone can tame his rages. What's Collected in Vegas, stays in Vegas... \*All Sin City Collectors Novellas are stand alone paranormal romance novellas, each with their own set of characters and happy endings, and are all set within the world of the SCC. Our goal is for you to sit back and enjoy the ride as each author presents their unique story. Places and characters will overlap, so be sure to look for your favorites and stay tuned for more novellas!
