

Sinful Possession (Cynfell Brothers Book 5)

Lust, gluttony, greed, sloth, wrath, envy and pride. The Cynfell brothers are the very embodiment of a sinful existence. But could the right woman change that? Sloth Miss Lila Radley was set to be the belle of the ball this summer. With her charming manners, beautiful looks and excellent connections, everyone anticipated her receiving endless proposals. However, no one expected her to be kidnapped. After she witnesses a murder, Lila finds herself in the hands of two overwhelmingly attractive brothers--entirely against her will. However, while the twin Cynfell brothers might be as devastating in looks as each other, only one intrigues her--the brooding Lord Ash Cynfell. Unfortunately, he is the very reason she is in danger. Already battling with his own demons, Ash finds himself with an additional burden to bear--Miss Lila Radley's safety. He cannot very well abandon her as it was due to his inaction that a man ended up dead and a serial killer is now targeting her. Unfortunately, keeping the vivacious Lila protected until the murderer is found is going to test him in every way possible. Can he resist her charm and beauty, aware a worthless man like himself is no good for a woman like her? All he knows is that when Lila turns her sunny smile onto his twin brother, he finds himself unable to summon his usual relaxed attitude. Has Ash Cynfell, the most reclusive brother, finally found something worth fighting for?
