

## Sinner (Sinners & Saints Book 1)

Police chief's daughter, Danielle Beckett, grew up knowing two things. One: anything worth having was worth hiding from her father. Two: she wanted to be the best at what she did. Her business, Sinners & Saints Modeling Agency, does well for itself but what happens behind the scenes does better. As an exclusive high-priced call girl, she has everything she wants while keeping everyone in the dark. It's what she doesn't know that could be her downfall. As her life unravels around her, she is forced to not only choose between her safety and her business, but between her business and the one thing she never saw herself wanting. How can she keep her business and herself alive, when she knows one story, but the police know another? **\*\*Warning: This book is intended ONLY for those over the age of eighteen.**
