

## Sky Ghosts: Marco (Urban Fantasy Series For Adults) (Sky Ghosts Series Book 1.5)

It was hate at first sight. She broke chairs on his head, and in return, he broke her bones. When Marco joined the New York Sky Ghosts Headquarters, he expected trouble. What he didn't expect was a girl half his size that turned his life into hell. They spilled too much of each other's blood for any hope for reconciliation. How did they end up risking their lives for each other on a daily basis? Sky Ghosts is a dark-humored Urban Fantasy series for adults and young adults with a strong female lead. What reviewers say I laughed a lot while reading Marco. The silly teenage nature of him and Pain combined with their stubborn natures and violent streaks made for some suitably hilarious and cringe-worthy scenes. - Belart Wright, author of the Average Joe series An action and prank-filled page-turning short story! - Levi Walls Sky Ghosts is for those who enjoy - Fantasy novels not centered on romance - Black humor, snarky heroines, and true friendship - Unique world-building and superpowers - Martial arts, sword fighting, action & bloodshed - Themes of brotherhood, duty, and honour - Secret organizations and assassin fantasy - Many-layered plot design with a lot to explore You may like it if you're a fan of - The Avengers, Buffy, and all things Joss Whedon - Supernatural and Arrow - The X-Men, Hellboy, and Hancock - The A-Team and Suicide Squad - The Mortal Instruments and Throne of Glass
