

The Fall of Sky, Part One

Sisters Audrey and Liv Westing find that living on the edge turns out to be a bit different than what they thought. This singing duo hoped to be discovered as the next big thing while fumbling through their turbulent existences. Each one is struggling to come to terms with their addictive personalities, a trail of destructive relationships, and the consequences of every misstep they unknowingly take. When they attract the eye of a deadly but powerful cartel family, Livs flighty decisions send the sisters spiraling into a world of sketchy music deals, sexy assassins, and unfathomable demands from those who want nothing more than to own every piece of them. In a place where love will kill, it demands a steep price, which may be too high to keep Audrey and Livs fragile world from a swift crash and burn.... This is a serial novella series.
