Its the beginning of her new life ... Twenty-three year old Amy Miller has been responsible for her little brother ever since their dad dropped dead and their mom took off six years ago. Now that her brother is eighteen, Amys ready to fulfill her dream of opening her own stationary store. But the past has a way of sneaking up on you ... Then an old friend comes back to town--Amys high school boyfriend, Hunter Morgan, to be exact. The same guy who dropped her a week before prom, leaving her a sobbing mess in a sequined Jovani dress. The same gorgeous man who now wants Amy back and wont take no for an answer. And the future has a way of getting complicated ... But when Amy meets Ryan Anderson, an irresistible Brit and powerful businessman tied to Hunters company, their instant attraction and chemistry awakens a passion in her she never knew existed. Ryan is dangerous and sexy, pulling her deeper into a new world of desire where anything goes, while Hunter is determined to use all his old tricks to posses her againbody and soul. Soon Amy is torn between her incredible first love and the most desirable man she has ever known, but is she just a pawn in a wicked game? And if she surrenders herself to passion, will she be left a loser in love all over again? \*Ages 17 plus, due to sexual situations and mature content\*
