

The First Trinity (Destinys Trinities)

The bonding has begun... Ancient prophecies shared amongst vampires, elves and other ancient races foretell the coming of the Grimore, the forming of trinities...and those who will lead them, and all the races, to victory. The trinities are bound by sex and sealed by blood. The binding changes each participant in subtle and permanent ways, giving them gifts and talents to face the threat of the Grimore. In one special edition, the first three trinities are collected and presented in print and ebook: Beths Acceptance Can she accept the destiny being thrust at her? Darkly sinful Zachariah has been driving Beth crazy with need. The mysterious Luke at her day job wont stay out of her sweaty fantasies. Fate hands Beth the chance to bond with both via sex. Both of them together is irresistable. But the bond has a price. The world Beth knows is not quite real. Can she accept the price asked of her? Mias Return Alex has a past hed rather no one learns about...until Mia returns. Ten years ago Alexander and Mia were together for a single day before tragedy struck. Now Mia is back, and no man has stirred her heart since. The tragic truth could kill her. Wyatt, demon hunter, hates Alexander and his kind. One look at Mia and his angry heart begins to melt and his body to rouse in ways hes long forgotten. The bonding has begun... Seras Gift Letting go is sometimes the only gift love has left to give. A vampeen attack changes Seras life forever. Diego is cynical, rebellious and a womanizer. Very few know about his terrible past. It would take a miracle for him to change...or someone like Sera with her special gift. Blake, NYC police lieutenant, meets Sera and knows his life is about to change in ways he cant even define. The bonding has begun...
