

Eclipse of the Heart

Helena Cornelius, an author experiencing writers block after the success of her bestselling first novel, soon finds her life out of control. Her stepson is determined to destroy her reputation by claiming she plagiarized her novel from his dead father. Her house is ransacked and her life threatened by an unknown stalker. Jack Spencer, a successful author, asks Helena to co-author his next novel, and soon becomes the kind of distraction she isn't sure she can handle. A trip back to her past reveals the truths of the dangers she faces. But will she also discover the strength she needs to get both her career and her life back on track?
