

Magick Ignited (a paranormal romance / Pentacles of Magick series #2)

Please note this is book 2 in the Pentacles of Magick series. Book 1 is Untamed Magick. Cash Scott has drifted for years, abusing his magick and playing the bad boy. Now as his time as a free witch is coming to an end, he plans a last ditch effort to save his brothers. What he finds instead is himself on a collision course with Selene, a hot little firestarter with a death wish, unable to control her power or escape her past. The perfect woman. Selene's accidental contact with a dark force she can't define, throws her into a situation unlike any she has seen before. But the last thing she needs right now is an all-consuming attraction to a man she can't trust. Determined to make her escape any way that she can, she finds herself in lust and on the run with another man who doesn't seem surprised by her ability. Together they must fight against a centuries old curse, a vicious hit man and a bounty hunter witch determined to capture them all. Will a little magic be enough to bind their fiery love or be just enough to destroy them?
