

Sounds of Night

Defense attorney, Lexi Chase, has found a new life for herself in Cole Creek, Idaho. She is quickly embraced by the local law community until she wins the wrong case and sets a killer free. Suddenly she is thrust into a maze of terror. Someone begins stalking her with a bone chilling vengeance. And then her neighbor is brutally murdered and a cold blooded killing spree begins. County Prosecutor, Derek Slade, Lexis one time nemesis, quickly becomes her only ally. Derek isn't sure what to think of Lexis evasive nature, or the fact that she gives him only cryptic details about her past. Though he can't deny he's attracted to her, he immediately distrusts her. Before long he has no choice but to accept the fact that he is the only person who stands between her and a sociopathic madman - a madman who has seemingly put them both at the center of his obsession. In the midst of a horrific game, bodies begin to add up. Terror is spreading. Simon says it's time to play again, and this time he will stop at nothing until he is the last one left standing.
