

Hot Number

What plays in Vegas, stays in Vegas. At least Sadie Bligh hopes so. A geeky math professor from Chicago, Sadie is on a mission to change her life. Her career has stalled and her social life is non-existent, so she's hoping a wild week in Sin City will be just the thing to break her out of her rut. But Sadie's first night in Vegas involves an unfortunate run-in with a mojito and a poker table, drawing the attention of the casino's deputy chief of security. Nick Saxon thinks Sadie's a problem, but she thinks he's incredibly sexy. Since she's come to Vegas to let loose, Nick just might fit the bill. With a boss who hates his guts, Nick has enough to worry about without the bundle of mayhem and trouble called Sadie Bligh. But Sadie is also funny and smart, and the sexual energy between them could light up the Vegas strip. Unfortunately, when she's fingered for counting cards at the blackjack table, it's up to Nick to rein her in or risk losing his job. Simply put, Nick and Sadie together are combustible. --Manic Readers
