

Stranded, Stalked and Finally Sated (Western Cowboy Romance) (License to Love Book 1)

A Contemporary Cowboy Romance Story

Customer Reviews. I wish this book would have been longer it was so good. I didnt want it to end by Lisa This was a very good short story, loved how everything flowed and I could not put it down. by Mary Clara Roberts has found herself forced to flee across country, pursued by a madman who seems to have access to every aspect of her life. Consequently, she is off the grid and under the radar when her truck breaks down in a small corner of Southwestern, Oklahoma, and she finds herself at the mercy of a local cowboy. While she knows that she will eventually have to keep running to stay one step ahead of her stalker, she begins to find herself drawn to this man. With his support she decides that her life is something worth fighting for. Shad Brandt wasnt sure what to expect when he pulled over to help out the girl on the side of the road, but it isnt long before he realizes that she was a lot more than he bargained for. He knows that she is running from something, but he cant quite place his finger on what it is. However, he cannot turn his back on this woman in need and when he opens his home and his heart to her he finds something else entirely. So when danger comes to lay claim to Clara, he finds that he is willing to sacrifice everything to make sure she stays safe. Excerpt from the book: He reached out and ran the palm of his hand down her arm. She shivered under his touch, but she didnt take her eyes from his. They had darkened again, and she could see the desire there and knew it was reflected in hers as well. Before she could think about what she was doing, she put her arms around his neck, drew his face to hers, and kissed him. His lips were hard at first, but after a moment, they softened, and he returned her embrace. When his tongue slipped into her mouth she groaned low and leaned into him as a fire uncoiled in her abdomen. It had been so long since a

man had made her feel this way, and she felt herself slipping into unknown territory. For once, she let herself go.
