

Stasis

2nd Edition Ennek Trilogy: Book One Praesidium is the most prosperous city-state in the world, due not only to its location at the mouth of a great bay but also to its strict laws, stringently enforced. Ordinary criminals become bond-slaves, but the worst punishment to be suspended in a dreamless frozen state known as Stasis is doled out by the wizard and reserved for only the most serious of traitors. Ennek is the youngest son of Praesidium's strict Chief. Though now a successful portmaster, Ennek grew up without much of a purpose, unable to fulfill his true desires and always skating on the edge of the law. But he is also haunted by the plight of one man, Miner, a prisoner for whom Stasis appears to be a truly horrible fate. If Ennek is to save Miner, he must explore Praesidium's deepest secrets as well as his own. First Edition published by CreateSpace, 2009.
