

## Stepbrothers Rules: A 1950s Ageplay Romance

College Coed LuAnn should not be lusting over her gorgeous stepbrother, especially when hes taken on the temporary role of her guardian until her parents return home from Europe. She certainly shouldnt be calling him daddy and letting him give her bare-bottom spankings, bubble baths and massages with baby oil. But when she gets kicked out of her college dorm, Brads the one who shows up to collect her, and before she knows it, everything is out of control. Her darkest fantasies are coming true, but when their parents return, will it all be over? Or is Brad playing for keeps? \*\*\*This naughty novella was originally published as part of the Correcting the Coeds 1950s spanking romance box set.\*\*\* Publishers Note: The book contains spanking, elements of ageplay and graphic sexual scenes.
