

## Stolen Beginnings

Marian Deacon has always been overshadowed by her cousin Madeleine, a glamorous, selfish model who will stop at nothing to reach the top. But their ordinary lives suddenly change with the arrival of Paul O'Connell, a handsome, charismatic writer who draws them into the mysterious disappearance of Olivia Hastings and the glamour and danger of her life in Italy and New York. *Stolen Beginnings* is a compelling story of what happens when girls become women, and when love - and fate - get in their way.
