

## Kniam: A Terraneu Novel

Kniam is a science fiction romance, in which a hapless middle-aged woman falls into the ultimate do-over on the all-male planet of Terraneu. What could possibly go wrong? Follow the comedic efforts of the men of Terraneu as they adjust to the presence of a female in their midst. Amber- After a bitter divorce and looking over her shoulder at mid-life, Amber decides to throw caution to the wind and take a once in a lifetime trip to the Scottish Highlands. She wasn't expecting to stumble and fall down a hillside, land on a long-lost port pad to an alien world and end up in a cage. How can she be the answer they are looking for when everything about them is alien to her? Their technology, their culture and especially their ideas on women. Kniam- He is of an ancient alien race on the brink of extinction. His people have gone to extreme lengths over thousands of years to survive. Using cloning and genetic engineering to maximize their longevity. He is a man of honor and duty, his only purpose is to serve and protect what remains of his people and his family. Until one angry Earth female changes everything! Can he be the leader his people expect and have the female his heart covets? This is the first in a Science Fiction Romance series of eBooks. A finalist in the IAN Book of the Year for 2015 in the Romance category. This Kindle series for eBooks is meant for an adult audience. Be warned: the clothes come off and nature takes its course. (A few times.) This series has science fiction, telepathy, cloning, virgins, intrigue, danger, humor, romance, love, sex and more romance. For the females of Earth, life is about finding your place in the universe no matter how far you have to travel and the hardships that take place. For the males of Terraneu, it's about holding your family together and keeping your people safe. No matter the cost.
