

Strong Enough (Tall, Dark, and Dangerous)

From the author of the New York Times bestselling Bad Boys novels comes the first in a dark, sexy contemporary trilogy. Is she strong enough to trust the most dangerous man shes ever met? And is he strong enough to let her? How would I describe myself? Well, Im Muse Harper. Im a twenty-something painter who loves red wine, quirky movies, and men with a fatal flaw. But that was before I met Jasper King. He became my fatal flaw. Eight months ago, I had a choice to make: abandon everything Ive ever known to protect my family, or stay and risk someone getting hurt. I chose the former. My plan was working just fine until I found out my father had gone missing. Thats when I met Jasper. A bounty hunter with the eyes of a tiger and the nose of a bloodhound, he was supposed to help me find my father. What I didnt know was that meeting him was no accident. Hunting people isnt all that Jasper does. And helping me was only part of his plan. I just wish Id found out sooner, before my heart got involved. But even then, I dont know if Id have done things differently. Now, I have another choice to make: trust the man that Im falling in love with and hope that hell do the right thing, or run as far away from him as I can get.
