

## Blood Hunter (The Grandor Descendant Series Book 2)

Even in the shadows there is light and where there is light, there is love. Everything has changed for Ariana Sol; she has gone from living in sunny Australia to freezing England; she has fallen in love with a boy, quite different to any she has ever known and, she has discovered that there are things which she can do things that ordinary girls shouldn't be able to do. Ari can stop time, resist a vampire's lull and see into the future. Is this why the Ancients, the most powerful vampires in the world, want her dead? In this second installment of the Grandor Descendant Series, Ari and Ragon find themselves questioning everything they have ever known, in their quest for the truth.
