

Suffocate (Senses Series)

ER Nurse, Luke Hart, is known for his desire to take care of others and his need to be in control at all times. However, Stuart Ducane knows exactly which buttons to push to make sure Luke relinquishes both. When the chance comes for them to take their delicate friendship that's coated in secret desires to the next level, the timing isn't convenient and neither are the circumstances. Will Luke and Stuart finally get the relationship they both need or will their secrets rip them apart, leaving them alone to suffocate? A Senses Series novel
