

## Summer Solace

Joanna has seen some remarkable things deep in the woods in her role as the Chief Ranger of a popular National Park. However, she never expected to witness a camper receiving a paddling high up on the mountain. When she realizes that she is not disturbed by the poor girls pleas for the spanking to stop, she wonders if the past she has put behind her is truly history. Before she can fade back into the forest, the man calls out for her to show herself. It was a voice she couldnt ignore. Stepping into the clearing took every ounce of her courage. As the man tries to figure out why the Ranger seems familiar, Joanna greets him by name. She not only knows this man; she had once been over his lap and under his paddle herself. Can the two work out what happened to tear them apart all those years ago? Can they not only forgive each other; will they be able to offer the solace they both desperately need.
